# VF CERTIFICATE & RELEASE

Product Information

## Vehicle Authentication

### Appearances can be Deceptive

Take peace of mind by confirming legitimacy of a vehicle and its' parts with an immediate verification when buying, trading or selling a vehicle.

Licence documentation and vehicle identifiers can be altered, forged or counterfeited. The VF Certificate & Release provides the User with the tools to effectively inspect and confirm a vehicles' physical identity.

### Process

1. Inspect a vehicle and locate microdots with the assistance of an investigative questionnaire.
2. Input microdot PIN and vehicle VIN into the system to verify identity.
